REGISTRATION INSTRUCTIONS

The scheduling window will **open on Friday, February 3rd at 3:00 P.M.** and **close on Thursday, February 16th at 8:00 A.M.** You will only be able to register for classes during that window; you can also go in and make changes as many times as needed until it closes.

- ✤ If you do not register for classes during the scheduling window, your classes will be picked for you, and you will <u>not</u> be allowed to change them.
- We print and save a list of the courses you register for, because we build the schedule off of your requests.
- ✤ If you have any problems selecting courses or want to brainstorm future plans, please sign up in Student Services during the scheduling window. We would be happy to help!

The screen shots below are from 10^{th} grade's scheduling screen; however, overall directions are the same at each grade level.

1. When you first open your PowerSchool page, click on *Class Registration* located on the left.

 You must select a science course from the following choices to meet your science requirement: Biology (A and B), Intro. to Chemistry (A and B), or Chemistry (A and B).

4. Next, a box will open with the courses available for that section. The directions will be at the top above the courses. At the bottom of the box are the required number of courses that must be selected.

~	Course Name	Number	Course Description	Credits	🗏 Prerequisite Note	Alerts
0	Chemistry A	CHM201		1		
0	Chemistry B	CHM202		1		
0	Intro Chemistry A	CHM101		1		
0	Intro Chemistry B	CHM102		1

requirement.		

6. You must also choose 5 alternate courses. These must be <u>different</u> from the courses you picked above. For example, if you picked Team Sports already DO NOT PUT IT AS AN ALTERNATE. If a class you pick as an alternate ends up in your schedule, you will have to keep the course next year.

7. **SKIP the Additional Requests Section.** It shows up on the scheduling screen but does not have a purpose, and unfortunately the system does not let us delete it. You can just skip right over it.
